Nadine Face Powder
(In Green Boxes Only)
Keeps The Complexion Beautiful
Soft and velvety. Money back if not entirely pleased. Nadine is pure and harmless. Adheres until washed off. Prevents sunburn and return of discolorations. A million delighted users prove its value. Tints: Flesh, Pink, Brunette, White. Sold by Leading Toilet Centers or Mail. National Toilet Company, Paris, Tenn.

COMPANY ORGANIZED TO BUY FOREST HILLS

Purpose Is to Make This Beautiful City of Dead a Public Owned Cemetery.

Plans are being promoted by a committee of some of the best known men of the city to buy the Forest Hills cemetery and to make it a public cemetery. These men are in earnest and wish every public spirited citizen in the community to become interested in the project which they are promoting. Those whose dead rest in this cemetery, and those who expect to make this their final resting place, are invited to take an interest in the buying of stock for the purchase of the cemetery from its present private owners. This stock is principally owned by Herbert Bushnell and R. B. Cooke.

The gentlemen who are organizing the proposed company that will purchase Forest Hills cemetery, and who have extended an invitation to the public to join them, are as follows:
Z. C. Patten, Jr. S. R. Read
J. F. Johnson E. R. Betterton
E. Y. Chapin W. F. Hutcheson
Garrett Andrews W. P. McRoom
T. H. Payne J. W. Bachman
W. E. Brock Z. C. Patten
G. H. Miller H. Clay Evans
C. H. Huston J. B. Sizer
R. W. Barr A. Z. W. Wheland
L. L. Fischer J. C. Cantor
N. T. Montague D. P. Montague
C. C. Nottingham B. E. Loveman
J. P. Hoskins R. P. Purse
T. R. Preston F. L. Underwood
Morrow Chamberlain
H. S. Probasco

The purchase price is fixed at \$200,000, but \$50,000 of this is to be placed in a permanent maintenance and improvement fund and \$150,000 to be used for immediate improvements and the payment of debts. The price for the best lots has been or some time \$1.50 per square foot. At that rate, the report of experts shows that there are \$2,475,988.00 worth of lots unsold at Forest Hills. Even at the low price of \$1.10 per square foot, there should be \$1,830,391.20 of land to sell—enough to provide an ample fund for permanent upkeep; to take care of all running expenses while the fund accumulates; to return the \$200,000.00 which it is proposed to invest; and to pay a reasonable profit to the men who invest it. Even as now conducted, the cemetery showed last year receipts of \$225,508.00, with expenditures of \$9,802.45, and excess of receipts over expenditures of \$215,705.55. Experts who recently came from two larger cities advised that the annual receipts should be largely increased through additional services which the cemetery attendants should render and for which the public would gladly pay.

There are many thousands of dollars of actual investment in water-mains, drives, shrubbery, buildings, greenhouses and plants at Forest Hills, in addition to the unsold lots. The location is so admirable, secluded, yet quickly reached by way of paved streets, the ownership of lots by the people is so wide-spread and the general advantages so great that no other cemetery can hope to compete with it. The new policy of beautification which would be inaugurated would add greatly to the present attractiveness and stimulate the sale of lots, no doubt at advanced prices.

While these things can only be accomplished over a period of years, the final result, with the careful management and the co-operation of lot owners, should be assured from the first. Meantime, the stock and the company's assets are, under decision of our supreme court, entirely free from taxation.

J. B. POUND HAS FIGHT IN SAVANNAH

He Comes Out Best in Encounter With His Hotel Savannah Manager.

Chattanooga's prominent citizen and hotel owner, J. B. Pound, has been having trouble with his former manager of the Hotel Savannah, at Savannah, Ga. George R. Benton, which resulted in a lawsuit, ending in the police court of that Georgia city.

Mr. Benton was arraigned on the charge of violating the prohibition law, and for disorderly conduct. At the end of the hearing Benton was bound over to the grand jury on the liquor charge, but was released on the charge of disorderly conduct.

Because of the prominence of the combatants, the case caused a sensation in Savannah. Mr. Benton was manager of the hotel until discharged after the fight. He is also chairman of the hotel and restaurant food administration for the southern district and is also a candidate for the office of mayor of Savannah.

The fight occurred several days ago, and, according to reports, Mr. Pound was the complete victor. The trouble grew out of an affidavit secured by Benton from the cashier of the hotel, who is the wife of Sergt. Brown, a soldier stationed here. The affidavit stated that the woman had opened mail containing money for the hotel. In an attempt to regain the affidavit, it is said, Sergt. Brown brought on the battle. Mr. Pound got mixed in the controversy and inflicted bodily punishment on Benton. The latter claims the punishment was inflicted with a pair of brass-knucks, and so testified in court.

Benton made various and sundry charges against Mr. Pound, which were not substantiated by other evidence than his own, among the charges being that Pound garbled his income tax report and wanted to evade the food laws. Benton also alleges that the entire affair is part of an elaborate attempt to ruin him politically.

The Savannah News contained the following account of the unpleasantness:

"At the request of J. B. Pound, lessee of the Hotel Savannah, a search was made of the hotel by a squad of police with the result that five cases of Haig & Haig Scotch liquor were found in a storeroom on the third floor of the hotel securely wrapped up in blankets and sheets."

"According to Mr. Pound he requested the search after advising with his attorney, Robert L. Colding, who wrote the chief of police as follows:

"Mr. George R. Benton, for some time back manager of the Hotel Savannah, has tendered his resignation which has been accepted."

"Matters between Mr. Benton and the lessees of the Hotel Savannah are anything but pleasant. Mr. Benton has stated that there is now in the Hotel Savannah five cases of Haig & Haig Scotch whiskey and it was his purpose and intention to report this matter to the police authorities."

"Mr. Pound, president of the hotel company, disclaims all responsibility for the ownership or possession of any whiskey and has ordered Mr. Benton to remove any whiskey that may be in the

premises immediately, which he has failed to do. Mr. Pound has had a thorough search of the premises made and has been unable to locate the whiskey and at his request I am now reporting the matter to you and desire to tell you that you are at perfect liberty to send any of your officers to the Hotel Savannah and search the same from top to bottom for whiskey without the formality of a search warrant as in the event any whiskey is found upon the premises Mr. Pound would like to have the same removed."

"Mr. Benton's condition was such last night that he could not be seen, but Mrs. Benton stated that Mr. Benton had no responsibility for the ownership or possession of the whiskey and that the liquor belonged to Mr. Pound. She further stated that relations were unpleasant between her husband and Mr. Pound and that the differences had been turned over to attorneys."

DOCTORS COMING IN STEADY STREAM

Distinguished Ophthalmologist Comes to Camp Greenleaf to Inaugurate School.

Medical officers continue to arrive at Camp Greenleaf in a steady stream. Some of the arrivals are from other camps, but the majority are doctors from civil life, who have just received their orders to report. Notable among the recent arrivals is Col. G. E. De-Schweitz, who was formerly professor of ophthalmology at the University of Pennsylvania, and who will be in charge of the school of ophthalmology at Greenleaf. In addition to the medical men, a number of veterinary men have received their orders, and at present there are over three hundred of them at camp. Many of them are men who gave up practice to answer the call, while others are recent graduates of veterinary colleges, who were subject to call as members of the medical enlisted reserve. They are all in training for commissions in the medical corps.

The Best Plaster.
A piece of flannel dampened with Chamberlain's Liniment and bound on over the seat of pain is often more effective for a lame back than a plaster and does not cost anything like as much.—(Adv.)

AUTHORITIES PUT BAN ON RECKLESS DRIVING

Much Stricter Observance of Traffic Laws to Be Enforced on Government Roads.

The motor car and motorcycle drivers who have been making merry over the government roads in and near Chickamauga park will soon be forced to cut down their reckless driving, which has resulted in so many accidents lately, especially on Rossville boulevard. It was announced from the office of the assistant provost-marshal Friday that a much stricter observance of the traffic and speed regulations on all government roads in this region would be required in the future. Although there have been no serious accidents so far on any of the government roads, the frequency of accidents in general lately has led the military police authorities to increase the patrols on all government roads, and especially on the road from Rossville to the park. The speed limit for pleasure cars is 15 miles per hour in the park, and 20 miles per hour on all other government roads; for trucks it is 10 miles an hour in the park, and 15 miles an hour on all other government roads.

Don't Experiment With Catarrh; It Often Leads to Dread Consumption

You Will Never Be Cured by Local Treatment With Sprays and Douches.

Catarrh is a condition of the blood and can not be cured by local applications of sprays and douches; this has been proven by thousands who have vainly resorted to this method of treatment.

Catarrh should not be neglected or experimented with. The wrong treatment is valuable time lost, during which the disease is getting a firmer hold upon its victim, and making it more difficult for even the proper treatment to accomplish results.

Though Catarrh makes its first appearance in the nostrils, throat and air passages, the disease becomes more and more aggravated until it reaches the lungs, and every one recognizes the alarming condition that results when the lungs are affected. Thus Catarrh may be the forerunner of that most dread and hopeless of all diseases, consumption.

No local treatment affords permanent relief. J. C. S. S. has taught that S. S. S. is the one remedy which attacks the disease at its source, the blood, and produces satisfactory results in even the worst cases. Catarrh sufferers are urged to give S. S. S. a thorough trial. It is sold by all druggists. You are invited to write to the medical department for expert advice as to how to treat your own case.
